

CARLON® MULTI-GARD® FIBERGLASS

Multi-Gard is a multi-cell raceway manufactured in 20' lengths with pre-installed, pre-lubricated inner ducts. The pre-installed inner duct design feature eliminates the need for pulling of inner ducts through existing pipe, which saves valuable time and money.

Applications: Bridge Crossings
Wall Types: Standard, Heavy or Bullet Resistant
Inner ducts: 3-Way or 4-Way

FEATURES

- Pre-lubricated PVC inner ducts reduce co-efficient of friction for easy cable pulling.
- Anti-reversing gaskets on coupling body allow easy push in-hard to pull out sealing system.
- O-ring gasket at base of bell reduces risk of water entering system
- Inward tapering holes on coupling body give quick and easy inner duct alignment.
- Hanger Design, Engineering Support and Installation Services Available from United Fiberglass.

ADDITIONAL MULTI-CELL PRODUCTS

Multi-Cell Conduit is also available in 5", 6", 10" and 12" diameters in Heavy Wall and Bullet Resistant wall thickness. Please contact United Fiberglass directly for information on larger sizes.
